

Technology that works for your school

From Worcestershire's most experienced, independent team of school ICT specialists.

Chestnut Infrastructure is a local, experienced, education ICT support team, dedicated to providing simple, scalable, and affordable solutions for every aspect of computing in schools across Worcestershire.

Daniell and James started Chestnut infrastructure in 2021 with the aim of bringing back high-quality, local IT support to Worcestershire schools. With years of experience in the education sector within the county, we are already making a difference in over 20 local schools, offering expert advice and working within budgets to improve teaching and learning outcomes.

We can offer services to help you with every aspect of ICT in your school, including support with our onsite Technology Partners, IT Procurement, Infrastructure and Audio-Visual supply, installation and management, and much, much more.

Our portfolio of products has recently expanded to include VoIP phone solutions, Sign In solutions, and websites, and we've just launched our own fully managed Education Broadband package.

If your school is looking at your options for upcoming IT support, contact us directly on **01905 905415** to discuss how we can help you. Alternatively contact us at info@chestnutinfrastructure.co.uk and James or Daniell will contact you directly.

Procurement

We work closely with suppliers to offer high-quality equipment suitable for the education environment. Contact us for a quote, from computers to interactive panels, and everything in between. We can also procure software licencing, including Microsoft agreements.

FIND OUT MORE...

School Websites

Our School Websites are designed to reflect the distinct ethos of your school, whilst ensuring that all users - parents, staff, children, governors and Ofsted inspectors - can find what they want easily. We can also provide essential support for existing websites, with different packages available.

FIND OUT MORE...

We're really excited that our fully managed, end-to-end, Education Broadband solution will be landing this half-term, bringing all of the required aspects of your IT Support under a single company, Chestnut Infrastructure Ltd.

Our aim is straightforward: to be able to offer your school a simple, scalable

and fully featured broadband service, which will be managed and controlled directly by our team here at Chestnut Infrastructure, and tailored specifically for schools across Worcestershire. The product consists of fast Connectivity, Education Filtering, Firewall, DNS management and end-to-end Support from our experienced team.

Additionally, we are expanding our team to ensure we have the right people at the heart of the solution. As your current broadband solution reaches the end of its contract, we will contact you individually to talk through our product in detail, and offer advice, pricing, and a timescale for implementation.

FREE Network or Audio-Visual Health Check.

We want to work with you and help you plan for the future. To help, we are offering a FREE networking and audio-visual health check, for any school in Worcestershire. We will arrange to visit at a time suitable for you, we will review your current solutions, and offer impartial advice to improve your school.

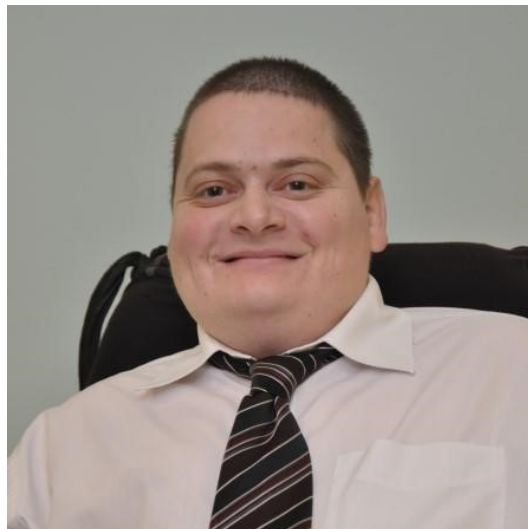

Contact Daniell at info@chestnutinfrastructure.co.uk for more information or to book your appointment.

NEWS...

Chestnut welcomes Craig Wilkinson to the family...

We are pleased to announce that Craig Wilkinson has joined the Chestnut family as Broadband and Website Support Partner, and will be instrumental in the creation of our Education Broadband Service.

Craig brings a wealth of experience to the team and opens a new chapter for both Chesnut and for Broadband in Worcestershire schools.

Computing Coordinators meeting..

Part of our role as your IT provider is to bring you closer together. This week we

hosted our first Computing Coordinator meeting in Upton Snodsbury. This meeting is a great way of sharing ideas, training, and networking. We discussed lots of options and exciting ways we can help our customers in the future. As a Chestnut customer it's completely free!

What goes on behind the camera...

We had the honor of working with Worcestershire County Council over the summer holidays, creating a short film to showcase our success as a new business. We wouldn't be where we are today without the invaluable advice and support that we've received from the Business Coaches at WCC.

We can't wait to see the finished production - keep an eye on our social media and we will share it when it's complete!
